

MICHIGAN STATE UNIVERSITY
2007 Phytophthora & Downy Mildew Workshop Planned

Organizer: Dr. Mary Hausbeck
Department of Plant Pathology & Vegetable Area of Expertise Team

Vegetable growers are encouraged to attend a full-day workshop to be held at the Marriott at University Place in East Lansing, MI on January 24th, 2007. The workshop will focus on Phytophthora crown and fruit rot and downy mildew. *Phytophthora* affects cucumber, squashes, pumpkins, peppers, melons, zucchinis, tomatoes, eggplants, and snap beans. Downy mildew is a relatively new problem for growers of cucumbers, squashes, melons and pumpkins in the Midwest.

Educators for this workshop include Dr. Mary Hausbeck from Michigan State University, Dr. Gerald Holmes and Dr. Kelly Ivors from North Carolina State University, and Dr. Dan Egel from Purdue University. The workshop will feature a “hands-on” laboratory to illustrate key components of the pathogens and highlight control measures. The Marriott at University Place is located at 300 M.A.C. Avenue, East Lansing, MI 48823, phone number: 517-337-4440, fax number: 517-337-5001. A block of rooms (\$119 per room) have been set aside for this meeting, the reservation code is PATPATA. Go to <http://marriott.com/property/propertypage/LANEA> for further information and directions for the Marriott. Please register using the accompanying registration form.
