

MSU Extension presents

How Efficient Is Your Irrigation System?

Wednesday, June 27, 2007

Spend an hour with MSU Extension educators to learn how to do an irrigation system efficiency check.

Attend any one of the following demonstration locations.

- 10:00 a.m.— Bosch’s Countryview Nursery, Brian Bosch, 10785 84th Ave., Allendale, MI
- 1:00 p.m.— Woodland Enterprises Blueberry Farm, Dennis VanderKooi, 10821 Pierce Street, Zeeland, MI
- 3:30 p.m.— Victory Farms, Roger Victory, 5220 22nd Avenue, Hudsonville, MI

Why do an irrigation system efficiency check?

The dollars your spending to irrigate your crops are paying back in greater yields.
 High uniformity means all plants in the irrigation area receive the same amount of water.
 Did you know that the **Irrigation GAAMPS** require growers to do a system efficiency check?
 Uniform water application will help save water.

Dr. Tom Fernandez, Department of Horticulture, MSU will be demonstrating the techniques you can use to do your own system checks.

If you plan to attend, please mail in reservation form or fax or call your reservation in. Registration fee: \$5.00 per participant. Payable to “MSU Extension Ottawa County”. For accommodations for persons with disabilities, please contact Tom Dudek at the Ottawa County MSU Extension office (616) 846-8250 by Monday, June 25, 2007 to ensure sufficient time to make arrangements.
