

New Agriculture Network

Index 2004-2008

This index lists topics that were addressed in the issues from 2004-2008. Numbers to the right of the topic indicate the issue publication date.

Certification

Certification process, FAQs	06-23-05
Certifying research sites/facilities, advice	05-14-08
Information at eOrganic	04-25-07
Organic certification, thoughts about	08-12-04

Corn

Corn variety, hybrid comparison	07-15-04
Cover crops overseeded in corn	06-23-05
Hail damage, Michigan corn and soybeans	07-09-08
Nitrogen, corn	10-10-07
Soil organic matter, continuous corn	08-27-08
Weed control, corn	06-23-05

Cover crops

Brassica biofumigants	06-09-05
Buckwheat cover crops, vegetables	05-28-08
Cover crops and corn	06-23-05
Cover crops and high tunnels	04-25-07
Cover crops, corn, 2003 research	05-27-04
Cover crops, fall, winter	09-15-05
Cover crops, farmer's experience	05-28-08
Crops, soil nutrition management tool.....	06-11-08
Effect of seed sources	06-28-06
Managing Cover Crops Profitably.....	08-15-07
No-till drilled after wheat harvest	08-12-04
Seeding hairy vetch/soybean	07-25-07
Summer annuals	08-23-06
Water efficiency	04-29-04

Diseases

Disease migration	05-12-05
Early blight, tomatoes	08-09-07
Fruit diseases, muskmelon, watermelon	08-15-07
Grain moisture measurements, mold/insects	10-15-08
Late season diseases	08-26-04
Powdery mildew, cucurbits	08-23-06
Powdery mildew, musk melon	05-28-08
Plum pox virus	08-23-06
Pseudomonas syringae, Canada thistle.....	09-10-08
Root rot damage, alfalfa	
Scouting for vegetable diseases	06-14-06
Septoria leaf spot, tomatoes	05-23-07 , 08-09-06

Tomato blossom end rot	06-13-07
Vegetable diseases management	08-26-04
Wheat diseases	05-23-07

Finances/economics/marketing

Biofuels year-round and organic markets	07-25-07
Certified organic field crops, livestock	07-12-06
Commodity marketing programs, rule assessment	05-13-04
Economic returns per acre	10-10-07
Farm Bill, organic.....	07-09-08
Financial options for expansion on farm	05-23-07
Increase farm market sales.....	06-10-04
Market for organic dairy.....	04-12-06
Marketing, FAQs	06-23-05
NCR-SARE grant funding.....	09-12-07 , 05-10-06
Profitability, FAQs	06-23-05
Organic consumers	08-11-05
Organic crop budgets.....	06-24-04
Organic field crops compared to conventional ..	07-12-06
Organic grains more profitable.....	09-13-06
Organic Memorandum of Understanding.....	06-11-08
Organic produce at farmers' markets.....	05-12-05
Organic vegetable production economics	04-12-06
SARE grant, success.....	06-25-08
SARE grant, City Farm Chicago	07-09-08
Selling fruits and vegetables, publication	09-13-06
Supply of certified organic	
Field crop/livestock	07-12-06
Fruits/vegetables.....	08-09-06

Insects

Beetle identification	08-15-07
Blueberry maggot management	06-27-07
Crane fly larvae	05-13-04
Earthworms	05-13-04
Grain moisture measurements, mold/insects	10-15-08
Ground beetles	04-29-04 , 05-13-04
Honeybee problems bulletin	07-11-07
Millipedes	05-13-04
Minute pirate bug	06-10-04
Native plants, beneficial insects	06-23-05
Nematodes	07-26-06
Squash bug control	07-11-07
Vacuuming pests with leaf blower	05-23-07
Western bean cutworm, insect update	07-11-07 , 07-23-08

Miscellaneous

2003 organic research at MSU/KBS	05-27-04
Cover crops, corn, 2003	05-27-04
Hilum soybean varieties, 2003	05-27-04
Small grain varieties, 2003	05-27-04
Weed control strategies, corn, 2003	05-27-04
Weed control, soybean, 2003	05-27-04
Alternative agriculture degree	06-13-07
Antibiotics and hormones	05-27-04
Canola	08-09-06
Community food profiles	05-26-05
Emergency crops, summer forage grasses	05-28-08
Farm Bill, organic.....	07-09-08

FAQs on organic agriculture.....	06-23-05
Fertilizer and pesticides, FAQs	06-23-05
Certification process, FAQs	06-23-05
Cultural practices, FAQs	06-23-05
Conservation programs, FAQs	06-23-05
Drift from non-organic farms, FAQs	06-23-05
GMO contamination, FAQs	06-23-05
Marketing, FAQs	06-23-05
Organic/conventional farms, FAQs	06-23-05
Profitability, FAQs	06-23-05
Renting land impact, FAQs	06-23-05
Without livestock, FAQs	06-23-05
Fresh product safety	06-28-06
Grain moisture measurements, mold/insects	10-15-08
Greenhouse production	07-11-07
Hoop houses for season extension.....	08-13-08
Managing weed seedbanks	04-29-04
Manual dibbler for potatoes	05-09-07
Maps of Minnesota farms and facilities	07-26-06
Michigan Farmers' Market Association	05-23-07
New soil ecologist at MSU.....	10-10-07
New organic vegetable/field crop specialist at MSU	04-26-06
Nitrate leaching	04-15-04
No-till versus organic and conservation credits	04-15-04
Nutrition and organic food	05-27-04
Oilseed radish variety trial	07-15-04
Organic initiative funded	08-25-05
Organic survey, Minnesota.....	07-09-08
Packaged organic food products contracts	06-14-06
Patrick Madden award winner	04-23-08
Root health, wet season	07-15-04
Salad greens, safe handling	10-11-06
Saving seeds	10-13-05
Sustainable research projects.....	09-10-08
Water consumption, reduce	05-24-06

Organic growers/Transition farms

Barriers of organic agriculture in Indiana	06-27-07
About organic farming, FAQs	06-23-05
Farm Bill, organic.....	07-09-08
Hoop houses for season extension.....	08-13-08
Improving MSU service to organic farmers	07-11-07
KBS research photos	08-12-04
Long-term studies at Allison farm.....	07-26-06
Management skills for organic growers.....	04-28-05
Organic certification, thoughts about	08-12-04
Organic dairy market	04-12-06
Organic growing of ornamentals	07-23-08
Organic Memorandum of Understanding.....	06-11-08
Organic reporting session	05-14-08
Organic research projects	05-14-08
Organic research symposium.....	07-09-08
Organic soybean population studies	10-15-08
Organic transitions initiatives in Illinois	06-24-04
Organic transition manual, OFFER	07-09-08
Organic transition project	09-13-06
Pest management specialist	07-09-08

Report of organic agriculture status in Michigan	05-23-07
Soils, transition, disease suppressive ..	08-15-07 , 07-12-06
Soils, transition, fertility	09-12-07
Survey of organic farmers	05-10-06
Sustainable research projects.....	09-10-08
Transitioning a research farm	10-10-07
Transitioning research reports, Illinois	10-15-08

Organic pesticides

Biological herbicides	06-10-04
Fertilizer and pesticide products, FAQs	06-23-05
Fungicides	05-13-04
HeadsUP® fungicide	05-10-06
Kocide 3000®	04-25-07

Publications/web resources

Beetle identification, publication	08-15-07
Beneficial insects bulletin	06-28-06
Biological control, books	07-29-04
Ecologically Based Farming Systems	04-25-07
eOrganic web site	04-25-07
Flaming weeds, evaluation	04-23-08
Fresh market farm	05-10-06 , 06-28-06
High tunnels, streaming video	05-28-08
Integrated Weed Management	04-28-05
High tunnel research, CROPP gift.....	05-28-08
Listserv, organic vegetable and crop producers	05-24-06 , 09-13-06
Managing Cover Crops Profitably	08-15-07
Maps of Minnesota farms and facilities, online ..	07-26-06
Organic Compliance handbook, online	04-28-05
Organic growing of ornamentals	07-23-08
Organic production web links.....	06-27-07
Organic research symposium.....	07-09-08
Organic transition manual, OFFER.....	07-09-08
Pest management specialist	07-09-08
Selling Fruits and Vegetables (bilingual)	09-13-06
Sustainable floriculture research, introduction ...	06-11-08
Weed seedbank dynamics.....	07-23-08
Upper Midwest organic tree fruit web site	04-28-05

Soils

Compost, with sediment	08-29-07
As soil amendment	06-28-06
To reduce irrigation	10-11-06
Crop rotation, benefits to soil	07-23-08
Nitrogen availability	07-15-04
Sandy soil, improving quality.....	10-15-08
Soil compaction	10-15-08
Soil, ecosystems	10-13-05
Soil, sustaining healthy	08-23-06
Soil, transition, disease suppressive ..	08-15-07 , 07-12-06
Soil, transition, fertility	09-12-07
Soil management	07-26-06
Soil quality, testing, organic standards	09-15-05
Soil water holding capacity	06-24-04

Soybeans

2004 Vinton 81 plant population study	09-09-04
Hail damage, Michigan corn and soybeans	07-09-08
Hilum soybean varieties, 2003 research	05-27-04
Organic,	
No-till	09-13-06
Population studies.....	10-15-08
Reducing harvest losses.....	10-15-08
Soybean aphids	07-28-05 , 04-29-04 , 07-15-04
Research sites needed	10-10-07
Parasitoids	06-13-07
Predators	07-14-05
Preparation	05-12-05
Overwintering survey	06-25-08
Updates	07-11-07 , 05-24-06 , 10-11-06
Soybean population study	07-28-05
Soybean rust	06-09-05
Early season	04-25-07
Updates	04-26-06 , 07-14-05 , 07-28-05 , 07-12-06
Hotline	06-14-06
Sentinel plot report	07-28-05 , 08-11-05
On-line resources	05-10-06 , 07-14-05
Soybeans yield, cereal rye	08-09-06

Genetically engineered wheat, halted	05-13-04
Perennial wheat	10-10-07
Wheat diseases	05-23-07

Tomatoes

Early blight of tomato	05-23-07
Mulching tomatoes	08-13-08
Septoria leaf spot, tomatoes	05-23-07 , 08-09-06

Weather/climate

Fall forage management, hay and pasture	10-15-08
Freeze conditions, effect on 2007 fruit	04-25-07
Hail damage, Michigan corn and soybeans	07-09-08
Wet season, root health.....	07-15-04

Weeds

Canada thistle control	08-23-06 , 05-26-05
Biology	08-27-08
Management strategies	08-27-08
Pseudomonas syringae	09-10-08
Turning white	05-13-04
Cressleaf groundsel	05-24-06
Flaming weeds, corn, soybeans	05-26-05
Integrated weed management trials	06-11-08
Weed control, corn	06-23-05
Weed control, vinegar	06-24-04
Weed control strategies	
Corn, 2003 research	05-27-04
Soybean, 2003 research	05-27-04
Weed management	05-09-07 , 04-12-06 , 05-10-06 , 06-14-06 , 06-24-04
Weed species, soil temperature	04-29-04

Wheat

Buckwheat	06-28-06
Combine setup, scab infected wheat	06-14-06
Fall fertilization	10-15-08
